Grow students

OUR 7-YEAR SCOPE & SEQUENCE

With Grow, you can choose from **seven complete years of curriculum, plus a growing library of standalone teaching series!** While you're free to create your own custom Scope & Sequence, if you'd like a curated curriculum experience, here is what we recommend...

Follow our recommended scope & sequence — or create a custom bundle for your students! Grow makes it easy to do either.

Grow students

OUR 2-YEAR CYCLE THROUGH 14 ESSENTIAL TOPICS

HOW DOES GROW TEACH THE BIBLE?

The Scope & Sequence for Grow Students is based on **14 teaching topics** that we recommend covering either every year, or every other year, depending on its importance to your group. Where, exactly, these topics fall on your calendar can change from year to year, but you can help each series have extra impact when you align them with an annual Discipleship Strategy and a quarterly spiritual habit. And keep in mind, just because our Scope & Sequence is structured topically doesn't mean every series you teach should be topical! Each year, **aim for a combination of topical series, book studies, and character studies** for a balanced calendar. Here's how...

Every 2 years, we suggest you teach a series dedicated to each topic on this list once, twice, or even three times for the most important topics like Jesus and Spiritual Growth.

- Jesus
- Doubt & Questions
- Loving Others
- Christmas
- Identity
- Hurt & Pain
- Wisdom
- Easter
- Spiritual Growth
- Friendship
- Justice
- Evangelism
- Authority
- Family

Every year, teach a series dedicated to the topics most important to you and your students for the year.

Every quarter, arrange your series to complement the spiritual habit you're focusing on each quarter. Not every series needs to line up with your spiritual habit perfectly, but **look for ways you can be even more effective by allowing your teaching and discipleship efforts to work together.** Keep in mind many teaching topics can span more than one spiritual habit!

Here's what one complete cycle could look like!

	FALL	WINTER	SPRING	SUMMER
	Spend Time with Others	Use Your Gifts	Spend Time with God	Share Your Story
YEAR 1	***AUGUST*** **Friendship**	***NOVEMBER*** **Loving Others**	***FEBRUARY*** **Spiritual Growth:** Grow's 4 Spiritual Habits	***MAY*** **Evangelism**
	SEPTEMBER **Authority**	***DECEMBER*** **Christmas**	***MARCH*** **Doubt & Questions**	***JUNE*** **Justice**
	OCTOBER **Hurt & Pain**	***JANUARY*** **Identity**	***APRIL*** **Easter & Jesus**	***JULY*** **Wisdom**

	FALL	WINTER	SPRING	SUMMER
	Spend Time with Others	Use Your Gifts	Spend Time with God	Share Your Story
YEAR 2	***AUGUST*** **Spiritual Growth:** Worship	***NOVEMBER*** **Identity**	***FEBRUARY*** **Jesus**	***MAY*** **Jesus**
	SEPTEMBER **Friendship**	***DECEMBER*** **Christmas**	***MARCH*** **Easter**	***JUNE*** **Family**
	OCTOBER **Doubt & Questions**	***JANUARY*** **Justice**	***APRIL*** **Spiritual Growth:** The Bible	***JULY*** **Evangelism**

OUR BIRTH-TO-GRADUATION TEACHING STRATEGY

With Grow Kids Preschool, Grow Kids Elementary, and Grow Students Curriculum, your church has all the curriculum you need to walk a kid from birth all the way through their high school graduation, without them ever hearing the same lesson twice.

Here's what one kid's experience could look like over the years!

Grow

OUR HOLISTIC MINISTRY STRATEGY

Unlike other curriculum solutions, **Grow isn't *just* about teaching. It's a holistic ministry solution for every area of your ministry!** That's because, if you want to see kids and teenagers truly grow (and a ministry that's growing, too), it's not enough to just have quality teaching materials. You need every area of your ministry working together, in strategic alignment, all year long.

That's why Grow creates everything you need, In all 7 areas of ministry, for the entire year...

DISCIPLESHIP

We create quarterly discipleship activities that help kids and teenagers practice four key spiritual habits, in a predictable rhythm, year after year. Because **discipleship doesn't just happen by accident. It requires intentionality.**

TEACHING

Our weekly teaching is biblically rich, Jesus-centered, developmentally appropriate, *and* really, really fun. Because **you shouldn't have to choose between teaching that helps them grow, and teaching they actually like.**

ENVIRONMENTS

Every teaching series and event guide comes with resources to help you create a physical space that looks, sounds, and feels fun and welcoming. Because **the environment you create is often the first step to helping kids open up.**

EVENTS

Our quarterly event guides help you plan events that are both memorable and impactful — and the resources we provide make them easy to execute, too. Because **with the right strategy, you can do fewer events and make an even bigger impact.**

VOLUNTEERS

Grow provides everything you need to lead and empower your volunteer team: vision-casting events, meeting outlines, editable tools, conversation guides, celebration ideas, and more. Because **your volunteers are worth investing in.**

FAMILIES

Whether it's family event guides, parent meeting outlines, editable parent tools, prewritten emails, or conversation guides, Grow gives you what you need to equip and build trust with parents. Because **a holistic family ministry strategy helps kids grow.**

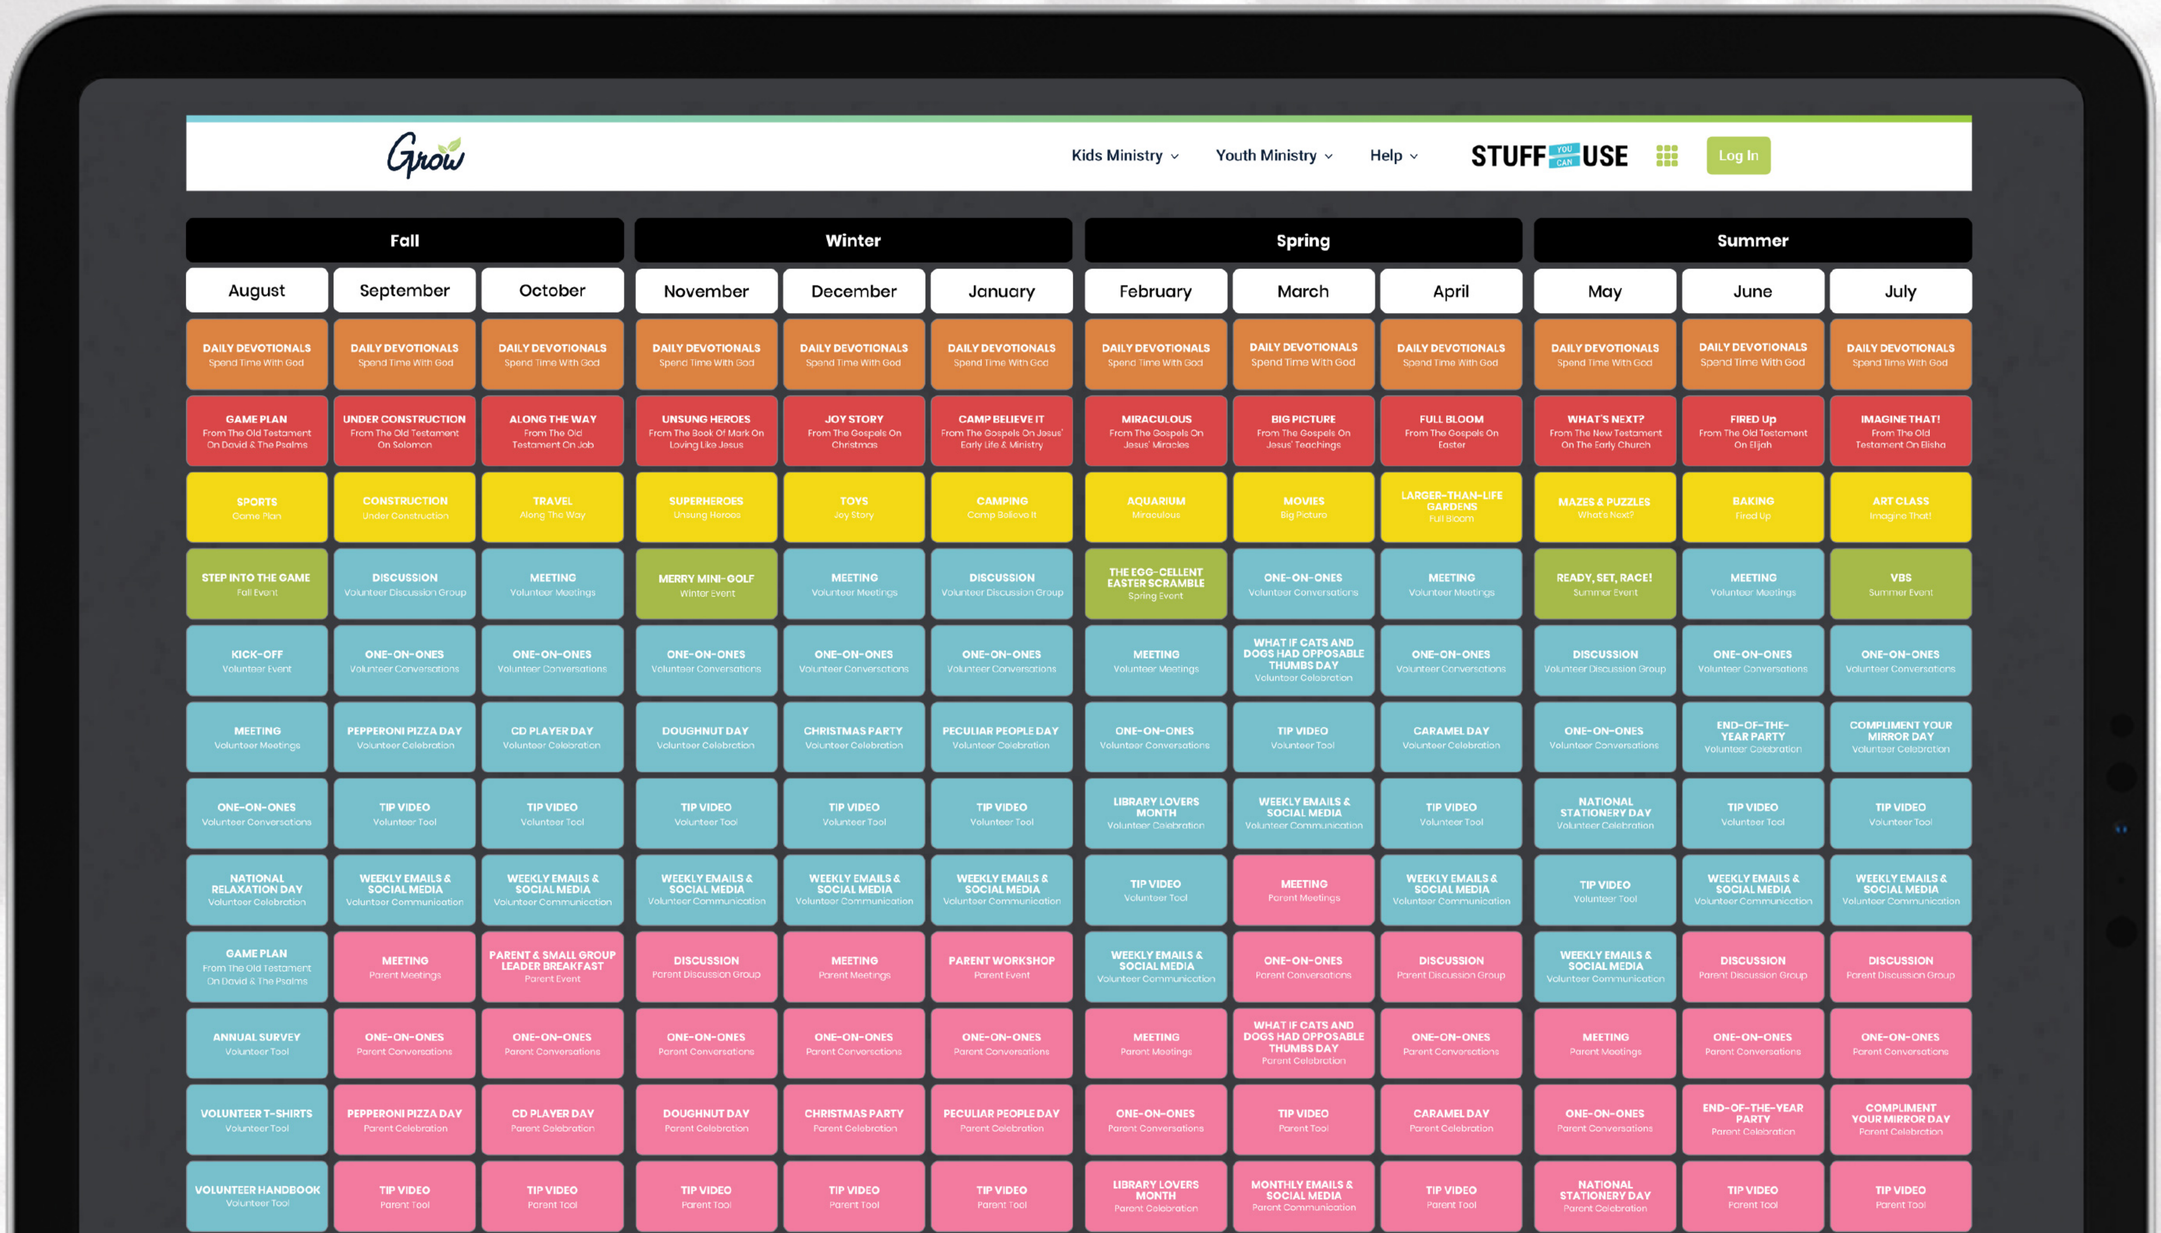

ANNUAL PLANNING

On top of everything else, we also provide the tools you need to put all of your resources from Grow on an annual calendar to help you plan your year of ministry. Because **the key to a great year of ministry isnt more activity — it's a clearer strategy.**

OUR ANNUAL STRATEGY CALENDAR

We know you love a clear and strategic plan. That's why we make it easy to **visualize your entire ministry year with our color-coded calendar!** Every year of Grow comes pre-built in our drag-and-drop Planning View tool, ready for you to customize. Or create a physical calendar on your office wall with our printed Calendar Cards! Either way, Grow helps you get (and stay) strategic and organized — all year long.

HOW TO ALIGN EACH YEAR WITH THE HOLIDAYS

Every year of Grow Students can be taught at any time — but that requires a little bit of calendar planning! Don't worry, though. **We've made it easy to align any teaching bundle to the holidays of any calendar year!** For the 2026—2027 school year, we created a walkthrough video and an editable planning tool to help you align every 1-year teaching bundle with the upcoming school year.
