OVERVIEW

To help you make the most of your weekly program, we include an entire year's worth of games. And, okay, we get it – games don't really sound like something that can help your students grow spiritually. But do you know what games can do? **The right games can help make your weekly program a place where students want to be – and where they'd like to invite their friends.** With a great weekly programming strategy, you'll get a head start on planning a fun and engaging game for every week of the year so you can spend more time thinking about everything else you still need to do.

THIS YEAR IN GROW STUDENTS

For every game, we'll give detailed **instructions**, awesome **screen graphics**, and strategic recommendations about **which games to play during which series**. Plus, this year we're giving you **access to a growing archive of games**, even beyond our 50 recommendations. Here are a few samples of what's available!
